

Progress in the Library Expansion Fund

Description

Antioch has been raising funds to remodel one of its classrooms and expand its library. We are raising funds to build 18 wooden bookshelves. Each wooden bookcase will cost about \$125.00 to buy the wood, build, paint, and install. We praise the Lord that recently \$250.00 was donated for the bookshelf project. That gives us 11% of our goal or 2 of the 18 bookshelves needed.
