

Students Receive a Special Blessing

Description

Antioch recently received a special donation to help struggling students with part of their college tuition. Due to the generosity of that donor, two students received an unexpected blessing that was put towards their school tuition. If you would like to be a blessing to a student in this way, contact the school or give through the school's secure donation page. Please indicate the purpose of your donation. Anonymous donations are tax-deductible as long as a specific student is not specified.
